

Wouter Zonneveld

Software Engineer

About me

My name is Wouter Zonneveld, and I am 23 years old. From my different education programs I have built a broad foundation in computer science. Automating complex tasks are challenges which excite me.

Education

● Master Software Technology, TU Delft

2020 - heden

Currently I'm following this study program. I hope to graduate in the first quarter of 2022 in the Software Engineering research group.

● Bachelor Computer Science, TU Delft

2016 - 2020

My latest completed study program. Additionally I completed a minor Spaceflight at the TU Delft.

● Cambridge Advanced Exam (CAE, grade B)

2016

This certificate was obtained as an extra class during my pre-university education.

● Pre-university education (VWO), Northgo college

2010 - 2016

During my pre-university education (VWO) I chose science based subject.

Work experience

● TopTutors

2018 - heden

For TopTutors I have tutored multiple secondary school students in both Maths and Physics.

● Northgo College

2019

For my secondary school (Northgo college) I helped creating online Maths modules.
